REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art fails to teach or suggest the claimed invention as a whole including a pin bore having an oil circulation groove and a transverse groove, which are disposed in the non-profiled-bored region of the inside surface, whereby the transverse groove lies at least approximately parallel to the longitudinal axis of the pin bore and has an outflow opening for draining off cooling oil, on the outside of the piston, and whereby the oil circulation groove is disposed circular to the longitudinal axis and crosses the transverse groove, in the context of a pin boss of a piston for an internal combustion having a pin bore for accommodating a piston pin, which has an inside surface having a non-profiled-bore region and an oil supply bore that opens into the oil circulation groove, which bore is connected with an oil inflow opening disposed on the outside of the piston, by way of an oil inflow..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
